## TABLE OF CONTENTS

About Us

We are Registered & Non Governmental Organization (NGO) offering Environmental, Health and Safety solutions to Schools & Local Community.

The Organization believes in policy of integrity with the concept of "Sustainable Development" and works for continual development and better technological solutions for School & Local Community in the field of Safety, Health & Hygiene and Environment. We groom people's mind for the betterment of the society and environment in India.

The Organization believes in policy and integrity with the concept of "Sustainable Development" and carries out all our activities with total conscious and trust. We work for continual development and better technological solutions of Safety, Health & Hygiene and Environment. Our country office is at Vadodara (Gujarat).

"Greenlife Foundation" consists of persons dedicated to work for betterment of Environment and Green Society.

## MISSION STATEMENT

### Our Vision

For the progress of our world and ourselves it is necessary to make our environment pollution free. It is the very fact that if we are harming the environment, it will ultimately harm to us. Sustainable development is only one way of the development. An Integrated approach to EHS to our future generation we will definitely get a healthy & Safe environment.

### Our Mission

The mission of the **Greenlife Foundation** is to educate and influence society to adopt Health, Safety and Environmental policies, practices, and procedures that prevent and mitigate human suffering and economic losses arising from preventable causes.
